Dear \_\_\_\_\_,

This letter is to inform you that Gaytri Patel, MD, will be leaving our practice as of March 31, 2025. With her departure, we want to assure you that your treatment will not be affected and will continue with one of the other allergists in our office, Samuel Foster, MD, Roshni Foster, MD, Shikha Mane, MD, Hana Tartibi, MD, and B.A. Badie, MD.

As always, you can contact us at 940-382-4142, message us through the patient portal, or come to any of our four office locations to book your appointments or if you have any questions about the transition. You may also have your patient medical records transferred if you wish. Please note that North Texas Allergy & Asthma Center will store all the original copies of your medical information.

We appreciate the positive impact Dr. Patel has had during her time here and her presence in our office will be missed. We wish her all the best in her future endeavors!

Sincerely,

Samuel Foster, MD  
Medical Director  
North Texas Allergy & Asthma Center
